SGS_LESSON PLAN_ONLINE WORKSHOP ...

- ✓ Cooperative learning
- ✓ Role play
- ✓ Learning by doing

Materials and tools:

- ✓ Recyclable materials
- ✓ a paper box
- ✓ pen. Glue, scissors, colours, pencils
- ✓ Social media, school web site
- ✓ camera
- ✓ computer

Preparation:

The teacher have organize some workshops. Pupils have to divide in groups, they will work in team. They use the method of the role play : they will work like regular business entrepreneurs change the face of business, social entrepreneurs work as the agents of change for the society. They seize opportunities that others miss, improve systems, invent new approaches and also create solutions to change society for the better. A business entrepreneur can create an entirely new industry. Similarly, a social entrepreneur can come up with new solutions to social problems, implement them on a large scale and change the face of society.

‘Social entrepreneurs are individuals with innovative solutions to society’s most pressing social problems. They are persistent and ambitious, tackle major social issues and offer new ideas for a wide-scale change.’

Class duration:

2 or 3 lessons of 50 minutes

Class activities and procedure :

Why “Eco Mindset”?

- ✓ **Brain storming**
- ✓ **Problem Solving**
- ✓ **Scientific method**

Guys will research on the computer informations about social entrepreneurs and business entrepreneurs. The teacher works with them and explains to the children that they have to look for innovative ideas, methods , approaches and techniques to solve the world’s most pressing social problems. So they have to create products, systems and solutions to help to change people’s lives

Evaluation:

Students work in team, in micro group for a macro group. They plan, study, analyse to find solutions. When students are actively involved in their lessons they always both enjoy and learn more
